Capri Series Technical Data & Specifications

Dimensions:

W 13 1/8" x D 13 1/8" x H 38 3/4"

Net Weight (approx.):

B1NRK (Cook 'N Cold™) - 45lbs.

Cabinet: One-piece, blow molded of heavy duty textured polycarbonate. The color is molded all of the way through to help conceal scratches for years of use. Holes are pre-drilled on cabinet side for installation of cup dispenser.

Cold Water Refrigeration Unit: Convection cooled condenser. Internal, spring mounted, hermetically sealed compressor with automatic overload protector. No lubrication needed. Refrigerant is controlled accurately by a capillary tube.

Cold Water Thermostat: Temperature is controlled by an adjustable thermostat with "Off" position that is easily accessible on the rear of the unit.

Cold Water Reservoir: Durable polyethylene reservoir with all fittings integrally molded. Cooling with a refrigerated molded probe. The reservoir is nestled inside a one-piece expanded polystyrene foam insulation. Reservoir can be easily removed for sanitizing.

2 Piece Hot Water Tank: The 500 watt heating element can be replaced on site reducing servicing time and cost. 2 piece hot tank is easy to service because individual components can be replaced instead of having to replace the entire tank. 2 piece tank can be opened for cleaning and removal of mineral deposits. The hot tank is type 300 series stainless steel.

Hot Water Capacity: 45 x 6 oz cups of piping hot water per hour. 1 1/2 quart storage tank.

Hot Water Thermostat: Adjustable thermostat with safety limiter.

Hot Water Safety Faucet: Self closing faucet requires a two-step action that is easy for adults to use, but helps to protect small children. Faucets are made of durable polypropylene.

Cold Water Capacity Table

Room Temp	Water Temp	Gallons per hour of 50°F Water
70°F	70°F	1.2
80°F	80°F	1.0
90°F	90°F	0.6
100°F	100°F	0.5

Drip Receptor: Drip tray lifts out for easy removal. Molded for durability, dishwasher safe.

Electrical: 115 volts, 60 Hertz. Water cooler compressor 1/20 hp. Three wire service cord and polarized plug furnished.

Warranty: (Within the Continental Limits of the United States and Canada) Limited Five year warranty — Five years on the sealed refrigeration system and most component parts. Detailed warranty certificate enclosed with each water cooler; sample copy available upon request.

Components in this water cooler are lead free as defined by the Safe Drinking Water Act Amendments of 1986 and the Lead Contamination Control Act of 1988. Model Listed by Underwriter's Laboratories to U.S. and Canadian Standards.

Hot 'N Cold™ model (B1RRHS) is Energy Star rated
