

What's Hiding In Your Water?

The Total PFAS filter reduces some of the most pervasive and soon-to-be-regulated PFAS contaminants regulated by the EPA in April 2024.

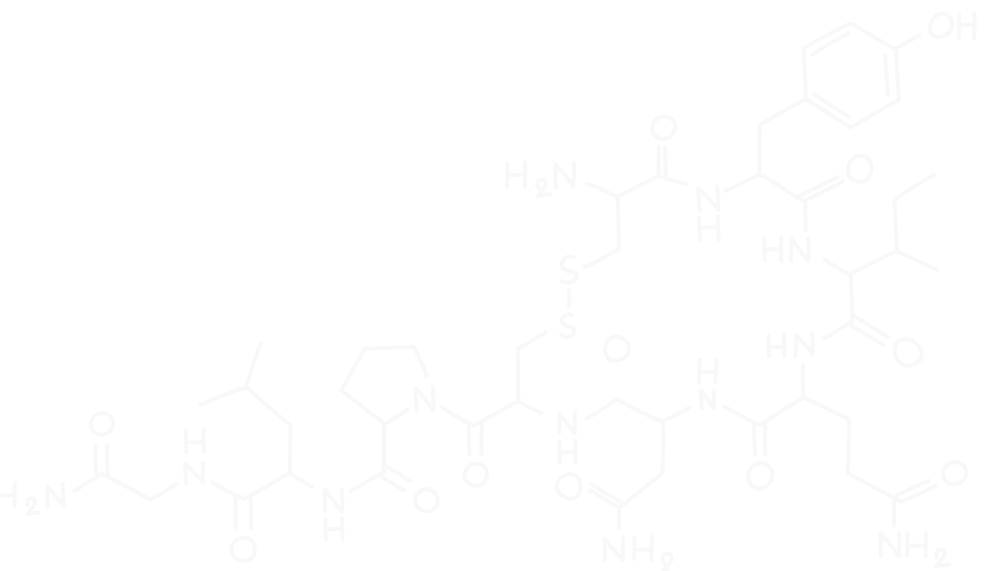

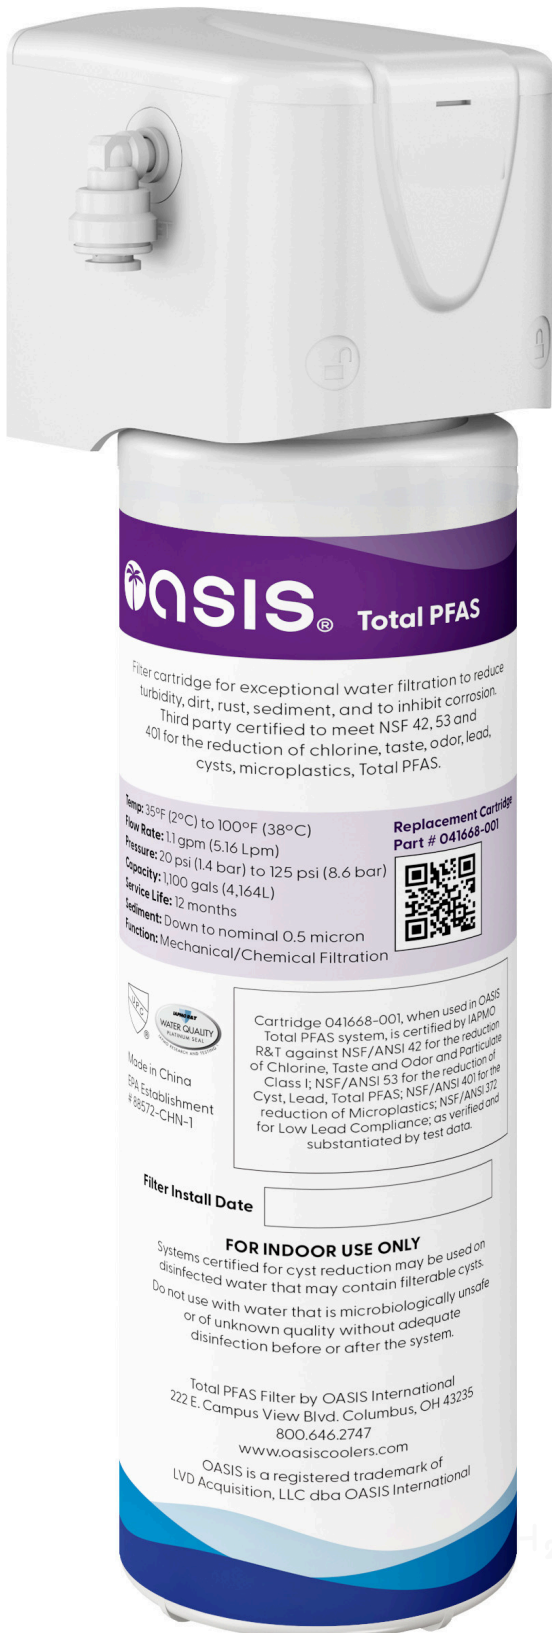

Tested and certified to

- NSF/ANSI 42 for reduction of Chlorine, Taste, Odor and Particulate Class 1
- NSF/ANSI 53 for reduction of Lead, Cyst and Total PFAS
- NSF/ANSI 401 for the reduction of Microplastics

Features

- Total PFAS filter is made up of PFOA, PFOS, PFHxS, PFNA, PFHpA, PFBS, and PFDA
- Designed to work seamlessly with the standard filter head, providing versatility across all OASIS product lines

1,100 Gallon capacity

FILTRATION SYSTEMS

OASIS Delivers Unparalleled Filter Performance and Flexibility

OASIS remains committed to providing water where you need it—indoors and outdoors.

- **Value:** OASIS sets the gold standard in value by offering filtration against a broader range of contaminants. Our filter tackles 7 PFAS contaminants, compared to just 2 in other industry filters, providing superior protection and unmatched value per gallon.
- **Versatile Solutions:** OASIS filters are compatible with a wide range of product lines, ensuring seamless integration for both indoor and outdoor applications.
- **NSF-Certified for Safety and Quality:** Our filters, tested and certified to NSF/ANSI standards, ensure that the water your students, employees, and visitors consume is safe and clean.
- **Convenient Maintenance:** OASIS Tilt 'N Tether fast filter change system in bottle fillers allows filter replacement in under one minute, minimizing downtime and making maintenance hassle-free.
