# ABOUT OASIS.

OASIS is a subsidiary of OASIS International. The OASIS brand is the recognized worldwide leader in the design and manufacturing of bottled and pressure water coolers.

We also provide Point-Of-Use, filtration equipment, non-refrigerated drinking fountains and dehumidifiers. Our products are distributed to over 100 countries through our worldwide sales and warehousing network. Timely delivery is critical to our customers and of paramount importance to us.

OASIS is headquartered in Ballina, Ireland with an integrated manufacturing facility in Gliwice, Poland. Factory sales people and warehouses are based throughout Europe, Russia and the Middle East to serve our customers.

OASIS International corporate headquarters are located in Columbus, Ohio and the company also has a manufacturing facility in Monterrey, Mexico.

**THE GIRLS LOVE IT**  
when you serve  
**Something Special**

An Oasis Hot 'n Cold in your shop gives you delicious hot or cold instant beverages in seconds... satisfies your customers' thirst for something special while they wait to be set, or sit under the drier.

Women enjoy the way refreshment's always ready with an Oasis Hot 'n Cold. And they remember the thoughtful operator who serves it.

It's quick. You just pour instant beverage into cup, add piping hot or crapy cold water from the Hot 'n Cold, and stir. No more sending out or waiting. No more coffee-maker mess.

It's tasty. As well as coffee, you can serve delicious hot tea, chocolate soups, or a choice of five cold instant soft drinks. Refrigerated compartment keeps ice cubes, chilled bottled beverages and snacks handy. And, of course, there's quenching cold water, too.

**Free Hospitality Package.** 100 assorted instant beverages, plus 100 cups and spoons are yours free when you buy or rent an Oasis Hot 'n Cold Water Cooler. Mail the coupon today!

1961 - OASIS Advertisement

**Whatever the weather OASIS refreshment makes the scene**

Put "Hot 'n Cold" OASIS bottled water coolers where the action is. They plug in anywhere for tasty refreshment. Need no plumbing. Deliver instant cold drinking water. Serve up instant hot coffee breaks.

OASIS coolers are built to thrive, years, on use and considerable abuse.

**For refreshing indoor weather**

A portable OASIS Humidifier will put springlike air into homes all winter long. Its refreshing coolant wherever wintery air is cold, dry -- and too long.

Nearly all South, most homes suffer summer-long dampness. A portable OASIS Dehumidifier provides comfort and property protection. Makes only basement space really valuable.

Quality you take for granted.

1969 - OASIS Advertisement

OASIS • DEHUMIDIFIERS

**Since 1910, we've focused on only one thing:**

**Delivering refreshing water to the world.**

Since the beginning, OASIS have continued to create innovations to the Bottled Water Cooler market.

- 1944: OASIS streamlined the cooler design, effectively placing all components into a compact case.
- 1954: OASIS designed and delivered the first Hot 'N Cold bottled water cooler model.
- 1974: First Removable side panel streamline servicing.
- 1985: Design and develop the first counter-top water cooler.
- 1988: First water cooler made with plastic cabinetry.
- 1992: The first removable water reservoir cooler was designed and released by OASIS.
- 1998: First two piece heating tank for ease of service.

Simplistic modern coolers whose innovations stand the test of time.

*Now...coffee-breaks just 2 steps away!*

*Office Furniture by Lehigh, New York*

**Oasis Hot 'n Cold...  
America's most  
efficient coffee-break!**

Here's the newest, quickest answer to delicious coffee-breaks and it's just two steps away with the Oasis Hot 'n Cold water cooler. Just pour instant coffee into cup, add piping hot water and stir. Coffee's always ready any time of day. No more hot plates. No more going out. Employees love it!

**Complete Beverage Center.** Just as quick as coffee you can have hot chocolate, soups, or instant soft drinks. Refrigerated compartment keeps ice cubes and chilled beverages at your fingertips. And you can't

beat Oasis for thirst-quenching, bubbler-cold water.

**Free Instant Beverages.** Order an Oasis Hot 'n Cold between September 1 and November 30, 1960 and you get without charge 100 instant beverages including coffee, with Pream and sugar, chocolate, soups . . . and in addition, 100 cups and 100 spoons.

# INDUSTRY.

OASIS' Bottled Watercooler's cater to an endless variety of environment.

Predominantly in public and social areas that share high volume of users on a daily basis.

**Corporate Campuses:** Offices, gyms, canteens, etc.

**Transportation Depots:** Train Stations, Airports, Bus depots, etc.

**Healthcare:** Hospitals, GP offices, etc.

**Education:** Schools, Universities, canteens, etc.

This is where product demand and sanitisation risks are both at their peaks.

With this in mind, OASIS continually ensures that our products are the most hygienic and healthful. With the incorporation of advanced technology and by accomplishing design & engineering feats, means that ease of sanitisation has never been easier.

Our units are sustainable, with reliability you can count on - just like our continuous support system we provide before and after sales.

**Over 100 years of high quality design and manufacturing.**

# REMOVABLE RESERVOIR COOLERS.

## Reservoir Cooler:

OASIS offers reservoir based coolers using both the iconic Removable Reservoir cooling system and traditional fixed stainless steel reservoirs.

### REMOVABLE RESERVOIR:

- Modular-design
- Easy to disassemble
- Long lasting materials
- Minimizes spare parts
- Value for money
- New OASIS repair and refurbishment service
- Optional two-piece hot tank

Inside-Out Chilling System

### **Inside-Out Chilling System**

The 'inside-out' cooling probe design used throughout the entire range of Removable Reservoir coolers ensures a more efficient cooling method, conserving energy and eliminating condensation within the cooler.

RR Sanitisation Kit

### **WaterGuard**

WaterGuard offers protection against water leaks from cracked bottles and ensure that air-borne pollutants do not enter the reservoir.

### **The REMOVABLE RESERVOIR system**

The self supporting cooler chassis can be quickly and easily removed from the cabinet to simplify the maintenance and servicing process. The Removable Reservoir system simplifies the sanitization process - just replace the water contact parts with pre-sanitized components. Requires no replacement of disposable parts or use of messy chemicals at your customer site.

## FEATURES

- Removable Reservoir
- Inside-Out cooling probe
- Efficient and proven technology
- High quality = longevity
- Great quality-performance-price ratio
- WaterGuard
- Range of hot tanks available

The original iconic design.

The blow-moulded polycarbonate cabinet provides maximum strength.

The 'inside-out' cooling probe design used throughout the entire range of Removable Reservoir coolers ensures a more efficient cooling method, conserving energy and eliminating condensation within the cooler.

WaterGuard offers protection against water leaks from cracked bottles and ensures that air-borne pollutants do not enter the reservoir

The self supporting cooler chassis can be quickly and easily removed from the cabinet to simplify the maintenance and servicing process. The Removable Reservoir system simplifies the sanitization process - just replace the water contact parts with pre-sanitized components. Requires no replacement of disposable parts or use of messy chemicals at your customer site.

Reusable Sanitization kits available for this model.

For hands-free activation combine with the OASIS Foot Switch Retrofit Kit.

Reusable Sanitization kits available for this model.

**Quartz Service-Friendly water cooler improves the access to the quick connect hot tank and other internal parts, replacing the Hot Tank now takes only 4 minutes compared to 10 minutes for our traditional RR models. A service technician can now work on a cooler without removing the chassis from the cabinet, also avoiding any possible accidental wire disconnection. To service the cooler, only one screw needs to be removed.**

The CO<sub>2</sub>oler Ultra uniquely combines the Pressure Vessel Direct Chill cooling System (PVDC) with a CO<sub>2</sub> water mixer. The CO<sub>2</sub>oler Ultra exclusively gives you both superb chilling and an excellent carbonation performance.

The intuitive LED illuminated buttons ensures a straightforward user process, while the refreshing sparkling water makes them return for more. WaterGuard offers protection against water leaks from cracked bottles and ensures that air-borne pollutants do not enter the reservoir.

The CO<sub>2</sub> mixer tank is located inside the PVDC cooling tank which helps to maintain the cold water temperature of the carbonated water prior to dispense. The mixer tank has been moulded from FDA & CE approved plastics. As carbonated water is dispensed, the mixer tank is automatically refilled with cold water & CO<sub>2</sub> gas, ensuring that a continuous supply of carbonated water is available.

- White and black and stainless steel

The Mirage 2 is the stylish addition to any contemporary kitchen or break room.

This unit can be easily converted from bottled to mains-fed operation.

This flexible water dispenser provides hot, ambient, and cold water on demand from either source.

### **FEATURES**

- Child Lock
- Timer Setup
- On demand water heater to reduce power consumption
- “Extra hot” water setting
- Thermoelectric cooling technology
- Air Purification

OASIS's H<sub>2</sub>ome is a compact unit with an intuitive display. It dispenses hot, extra hot and cold water, making it an ideal appliance for your home countertop.

The child lock feature prevents the accidental dispensing of hot water, while the removable drip tray makes maintenance at home a simple task.

The instant hot & thermoelectric cooling enabled H<sub>2</sub>ome is designed for your convenience.

This energy efficient unit purifies the air around the cooler guaranteeing satisfaction with every drink.

## ACCESSORIES.

### Foot Switch Retrofit Kit

#### FEATURES

- Compatible with selected OASIS RR Bottled Water Coolers

#### MODELS

- Single Pedal: Ambient or Cold water
- Dual Pedal\*: Ambient and Cold water
- Dual Pedal\*: Hot and Cold water

\*1 pedal per water temperature.

Your OASIS' cooler has an alternative dispense method: the Foot Switch Retrofit Kit enables hands-free activation.

Retrofit your OASIS cooler with a hands-free interface solution, reducing the risk of potential cross-contamination. This retrofit foot operated solution for your water cooler is ideal for locations with high volume of users.

Along with the foot switch, this kit includes a blanking plate to cover the push buttons and labels to signal to the user that this is a foot activated unit.
