

GIBRALTAR

Bottled Water Coolers

 **OASIS**®

 **Waterways**™
PREMIUM WATER DISPENSERS

The Gibraltar model is one of our most popular bottle water coolers featuring a graceful cabinet design made of high-density polyethylene that is UV resistant, and a hot and cold water tank made of food grade stainless steel. With an efficient and reliable compressor and competitively priced you will understand why this is one of our most popular models.

- ☑ Graceful design, easy to maintain and convenient to use
- ☑ Food grade stainless steel (SUS304) hot tank and cooling tank
- ☑ Large and durable drip tray
- ☑ High quality and efficient compressor for reliable, consistent performance
- ☑ Available in White or Black
- ☑ 2 years Limited Warranty

POWERED BY INNOVATION

Waterways is the premier cooler manufacturer in the industry, with a long legacy of high quality and design. The Gibraltar is a continuation of our dedication to innovation.

TECHNICAL DATA & SPECIFICATION

GIBRALTAR

P.O.U Water Coolers

Cabinet & Chassis:

One-piece blow molded high-density polyethylene plastic resists cracking, fading, and yellowing. Color molded into cabinet to hide scrapes caused by rough usage. Easy access to interior components and shock absorbing base, made of ABS plastic, that will never rust.

Cold Water Refrigeration Unit:

Convection cooled condenser that is spring mounted and hermetically sealed with automatic overload protector. No lubrication needed. Refrigerant is controlled accurately by a capillary tube.

Cold Water Reservoir:

Food grade stainless steel type SUS304, 1-gallon (3.8 liter) reservoir provides superior chilling for great tasting water. Highly polished surface is easy to clean and maintain.

Hot Water Tank:

Food grade stainless steel type SUS304, 0.32-gallon (1.2 liter) capacity. The 520-watt heating element ensures precise temperature control and removable thermostat and heating element allow for easy service.

Cooler Dimensions

Height	38.9 in (900mm)
Width	12.8 in (325mm)
Depth	13.0 in (353mm)
Faucet to Top	10.4 in (264mm)
Faucet to Drip Tray	8.4 in (213mm)

Cooler Weights

Cook & Cold	26.5 lb (12.0kg)
Hot & Cold	28.7 lb (13.0kg)

Shipping Dimensions

Height	39.0 in (900mm)
Width	13.1 in (332mm)
Depth	13.4 in (340mm)

Shipping Weights

Cook & Cold	28.7 lb (13.0kg)
Hot & Cold	30.8 lb (14.0kg)

Container Loading Quantity

20° FCL	238 Units
40° FCL	490 Units

Electrical

115 volts (60 Hertz) or 220 volts (50 Hertz)

Refrigerant

All units contain HFC-134a refrigerant

Bottled cooler can be convertible to P.O.U. cooler in seconds. First, remove the bottle ring or non-spill top, place the float kit to reservoir, then cover with the flat top. Immediately, you have a workhorse P.O.U. cooler.

Specifications are subject to change without notice. Bottle and Filter System not included with cooler.
