

**We Know Water.**

## THE OASIS DIFFERENCE

### OUTDOOR RATED FREE-STANDING BOTTLE FILLER WITH QUASAR®

This exclusive OASIS bottle filler is certified for outdoor use, featuring QUASAR, a UV-C-LED Water Treatment system with a lifespan of 10+ years for bottle filling stations.

Evaporator is high efficiency tank and shall be encapsulated in insulation. An adjustable thermostat having an off position will control refrigeration system.

- Quasar UV-C-LED system treats water at the dispense point and keeps spout sanitized between dispenses. Quasar reduces 99.99% of pathogens such as Legionella, Cryptosporidium, and Giardia
- Contactless activation provides a hygienic, clean way to access hydration, with a covered sensor to reduce false activation from safety vests or reflective surfaces
- Small, lighter footprint of 15" wide, 49.7" tall and 72 lbs. allows the unit to conveniently fit in any environment
- Stainless steel finish and specially formulated plastic components are approved for outdoor use and rugged enough to withstand environmental stressors
- Freshield® Protection is a silver-based antimicrobial compound protects the surfaces from discoloration, odors, and degradation caused by the growth of microorganisms and mildew.
- High flow output of 1.1 gallons per minute for faster fill up, with a chilling capacity of 10 gph.
- Integrated drain means no drip tray to empty, and helps prevent muddy messes and potential safety hazards caused from overflow and spills that pool under taps
- Sustainability driven "bottles saved" integrated monitor and bottle counter
- Easy to wash, removable and reusable MERV 3 air filter to help protect mechanicals from dust and debris
- 5 year warranty for the refrigeration system

UV-C LED Treatment at the point-of dispense

**Give your job site the cleanest water possible, add filtration\* paired with QUASAR!**

- VersaFilter III is Certified to NSF/ANSI 42 and 53 for lead, cyst, Particulate Class I, chlorine, taste and odor reduction to 4,750 gallons

\*Filters are rated for indoor use only.
