ATLANTIS specifications

Stylish, Energy Star Rated Hot 'N Cold™ or Cook 'N Cold™ bottle water cooler

Cabinet: Polyethylene cabinet with pre-drilled holes for simple cup dispenser installation.

Cold Water Refrigeration Unit: Convection cooled condenser. Internal, spring mounted, hermetically sealed compressor with automatic overload protector requires no lubrication. Refrigerant is controlled by a capillary tube.

Cold Water Thermostat: Temperature is controlled by an adjustable thermostat and easily accessible on the rear of the unit.

Cold Water Reservoir: Durable heavy-duty type 300 series stainless steel with external copper refrigerant coil encased in pre-fitted molded plastic foam insulation.

Hot Water Tank:

One-Piece Hot Water Tank (BPO model) with fixed thermostat. 500 watt heating element in a one-piece, type 300 series stainless steel hot tank is easy to replace or service without breaking soldered refrigeration connections. Fixed Thermostat has a safety limiter.

Two-Piece Hot Water Tank (BPD model) with adjustable thermostat. 500 watt heating element is easy to service. Hot tank is a type 300 series stainless steel and can be easily opened for cleaning and removal of mineral deposits. Individual components can be replaced when needed, minimizing the need to replace the entire hot tank. Adjustable thermostat has a safety limiter.

Hot Water Capacity: 45 x 6oz. cups of piping hot water per hour. 1½ quart storage tank.

Hot Water Safety Faucet: Self-closing activation requires a two-step action that's easy for adults to use, but protects small children.

Dimensions: W 13" x D 12 13/16" x H 38 11/16"

Approximate Net Weight: 33 lbs.

Cold Water Capacity Table

Room Temp	Water Temp	Gallons per hour at 50°F	# of 3oz cups per hour
70°F	70°F	1.4	59
80°F	80°F	1.0	42
90°F	90°F	0.6	25
100°F	100°F	0.5	17

Drip Receptor: Durable dishwasher safe drip tray lifts out for easy removal.

Electrical: 115 volts, 60 Hertz. 1/20 hp water cooler compressor. Three wire service cord and polarized plug.

Lead-Free: Components in this water cooler are lead-free as defined by the Safe Drinking Water Act Amendments of 1986 and the Lead Contamination Control Act of 1988. Model Listed by Underwriter's Laboratories to U.S. and Canadian Standards.

Warranty: Limited 3 year warranty (*within the Continental Limits of the United States and Canada*). Three years on the sealed refrigeration system, one year on most component parts. Detailed warranty certificate enclosed with each water cooler; sample copy available upon request.
